

SPECIAL EDITION

monink

The Newsletter of Monnett Experimental Aircraft, Inc.

September, 1981

This special abbreviated edition of Monink is to announce the relocation of Monnett Experimental Aircraft, Inc. in our new Oshkosh, WI facilities. We are moving to a new 18,000 sq. ft. exposed aggregate building housing offices, hanger, showroom, warehouse, manufacturing. It will also serve as a long awaited research and development, and flight test center. We hope to develop the concept of a friendly stopover where you can fly-in, look at airplanes, watch video tapes, ask questions, view displays and demonstration flights.

The official moving date is October 15th. All correspondence should be directed to the new address after that date.

Monnett Experimental Aircraft, Inc.
P. O. Box 2984
Oshkosh, WI 54903

At press time our new phone number was not assigned but it can be obtained through directory assistance by dialing **414/555-1212**. The location address of the new building is **895 West 20th Avenue** right on Wittman Field next to the post office.

The Grand Opening of our facilities is October 30th, 1981 at 11:00 am. Dedication ceremonies will be followed by flight demonstrations and an Open House for the afternoon.

GRAND OPENING
Dedication, Open House
October 30th, 1981
11:00

We would also like to announce that we are now taking deposits for our new MONI-ARV which made its debut at Oshkosh. This is the new self-launching motor glider-air recreational vehicle using the new KFM 107 engine from Italy. The price is \$5,000.00 for a complete kit. A deposit of \$500.00 before January 1, 1982 will guarantee this introductory price. The delivery of the first kits is scheduled for Spring of 1982.

Moni is the newest addition to our line of kit airplanes which include the popular Sonerai I, Sonerai IIL, Monerai "S" and "P". Future developments at Monnett Experimental Aircraft include testing the KFM 107 electric start engine in the Monerai, further testing of Monex and the KFM 104 and 105 series of four cycle aircraft engines.

Want to keep abreast of the latest information on our kit aircraft, new developments and new designs? Subscribe to MONINK! It is only \$10.00 a year for six issues, a bi-monthly publication. The newsletter includes: general news on all new developments, tips from Sonerai and Monerai kit builders, photos of projects underway and completed, lists of first flights, news of upcoming special events, forums and builders seminars.

We hope you can fly-in or drive in to our new facilities soon!

Betty Monnett
